

Data Protection Policy

At Brackley STEM Academy we respect the privacy of all pupils attending the club and the privacy of their parents or carers, as well as the privacy of our volunteers. Our aim is to ensure that all those using and working at the academy can do so with confidence that their personal data is being kept secure.

Our lead person for data protection is Harvey Sharman. The lead person ensures that the club meets the requirements of the GDPR, liaises with statutory bodies when necessary, and responds to any subject access requests including policy updates.

Confidentiality

Within the academy club we respect confidentiality in the following ways:

- We will only ever share information with a parent about their own child.
- Information given by parents to academy club staff about their child will not be passed on to third parties without permission unless there is a safeguarding issue (as covered in our **Safeguarding Policy**).
- Concerns or evidence relating to a child's safety and wellbeing, will be kept in a confidential file and will not be shared within the academy, except with the designated Child Protection Officer and the tutor.
- Volunteers only discuss individual children for purposes of planning and group sessions
- Volunteers are made aware of the importance of confidentiality during their induction process.
- Issues relating to the volunteers, whether paid or voluntary, will remain confidential to those making personnel decisions.
- All personal data is stored securely in a lockable safe.
- Students on work placements and volunteers are informed of our Data Protection policy and are required to respect it at all times.

Information that we keep

The items of personal data that we keep about individuals are documented on our personal encrypted data matrix. The personal data matrix is reviewed annually to ensure that any new data types are included.

Children and parents: We hold only the information necessary to provide an after school coding club and workshop service for each child. This includes child registration information, medical information, parent contact information, attendance records, incident and accident records and so forth. Our lawful basis for processing this data is fulfilment of our contract with the child's parents. Our legal condition for processing any health-related information about a child, is so that we can provide appropriate care to the child. Once a child leaves our setting we retain only the data required by statutory legislation, insurance requirements and industry best code of practice, and for the prescribed periods of time. Electronic data that is no longer required is wiped and paper records are disposed of securely or returned to parents.

volunteers: We keep information about volunteers in order to meet volunteer requirements, and to comply with all other areas of volunteers legislation. Our lawful basis for processing this data is to meet our legal obligations. Our legal condition for processing data relating to an employee's health is to meet the obligations of employment law. We retain the data after a member of staff has left our employment for the periods required by statutory legislation and industry best practice, then it is deleted or destroyed as necessary.

Sharing information with third parties

We will only share child information with outside agencies on a need-to-know basis and with consent from parents, except in cases relating to safeguarding children, criminal activity, or if required by legally authorised bodies (eg Police, HMRC, etc). If we decide to share information without parental consent, we will record this in the child's file, clearly stating our reasons.

We will only share relevant information that is accurate and up to date. Our primary commitment is to the safety and wellbeing of the children in our setting.

Where we share relevant information where there are safeguarding concerns, we will do so in line with Government guidance 'Information Sharing Advice for Safeguarding Practitioners' (www.gov.uk)

Some limited personal information is disclosed to authorised third parties we have engaged to process it, as part of the normal running of our business, for example in order to take online bookings, and to manage accounts. Any such third parties comply with the strict data protection regulations of the GDPR.

Subject access requests

- Parents/carers can ask to see the information and records relating to their child, and/or any information that we keep about themselves.
- Staff and volunteers can ask to see any information that we keep about them.
- We will make the requested information available as soon as practicable, and will respond to the request within one month at the latest.
- If our information is found to be incorrect or out of date, we will update it promptly.
- Parents /carers can ask us to delete data, but this may mean that we can no longer manage record keeping as we have a legal obligation to keep certain data. In addition, even after a child has left our setting we have to keep some data for specific periods so won't be able to delete all data immediately.
- Volunteers can ask us to delete their data, but this may mean that we can no longer employ them as we have a legal obligation to keep certain data. In addition, even after a volunteer member has left our employment we have to keep some data for specific periods so won't be able to delete all data immediately.
- If any individual about whom we hold data has a complaint about how we have kept their information secure, or how we have responded to a subject access request, they may complain to the Information Commissioner's Office (ICO).

GDPR

We comply with the requirements of the General Data Protection Regulation (GDPR), regarding obtaining, storing and using personal data.

This policy was adopted by: Brackley STEM Academy	Date: 22 November 2021
To be reviewed: July 2022	Signed: Harvey Sharman

Written in accordance with the *Statutory Framework for the Early Years Foundation Stage (2021): Safeguarding and Welfare Requirements: Information and records [3.67 -3.72]*.
